

Project Number: 2019-1-PT01-KA203-060772

INFO PACK

“TOGETHER PROJECT”

CONTEXT

Institutions at EU level and networks and associations of universities are studying the main questions related to the possibility of building more inclusive HE institutions by favouring the enrolment of refugees and migrants with international protection status.

OBJECTIVES

The project identifies two main specific objectives:

Developing social responsibility of Higher Education students providing them with intercultural and civic competences and raising their awareness on integration of refugees

Rising awareness of Higher Education staff providing specific instruments, knowledge and skills for a more inclusive Higher education environment

TARGET GROUPS

The project is addressed to:

- University staff
- [University students](#)
- [Refugees](#)

As for the purpose of the project, the partnership adopts the term refugees and other beneficiaries of international protection and it states that the expression allows maintaining a specific reference to refugees, while using also an expression commonly used in EU law, as to refer to other people who were granted international protection - other beneficiaries of international protection.

EXPECTED RESULTS

The main project results include:

A Refugees Welcome Map identifying the integration activities carried out investigating regulatory measures undertaken directly by universities.

An e-learning package providing University students with the skills to develop their potential civic role in promoting integration of refugees

Co-funded by the
Erasmus+ Programme
of the European Union
